

# Midt i smørøyet

*'To be in the middle of the butter melting in porridge.'*

In Norway, this saying means 'to be in a great place'. Well, there's no greater place to experience the Norwegian coastline than on a Hurtigruten voyage in the middle of a stunning Norwegian fjord. On an Original voyage you might also find yourself in the middle of a conversation with some friendly locals, and on a Signature voyage you might find yourself in the middle of an exquisite locally sourced dish!

# Over 130 years of bringing you closer to the coast

We have been the spirit of Norway since 1893, caring for its coast and inviting the world to travel our home on our small, friendly ships. Come and sail our original historic route that shaped our nation. Or embark with us on new premium sailings that stay longer in ports handpicked by us for you.

Our guests have trusted us to take them to the intimate places of the Norwegian coast; and secret fjords, myth-inspiring mountains and hidden hamlets. We've brought them to spectacular landscapes under the glow of

summer's Midnight Sun and shown them the Northern Lights for the first time or the hundredth time.

Guests come from near and far to travel side by side with local Norwegians, experiencing everyday life here and coastal culture at its most authentic. This is our story together, intertwined and connected at the heart of the Norwegian coast. We warmly welcome you to come and take your place in it on voyages new and old – the choice is yours!
